

**REMARKS**

By this Amendment, Appellant proposes to amend claim 112 to correct obvious grammatical errors. Appellant also proposes to correct an obvious typographical error in independent claim 104 in order to make the recited elements in claim 104 consistent with the recited elements of claims 70 and 87. The amendment involves adding a phrase into claim 104 that was already present in the other independent claims, specifically claim 70 and 87, when all three claims were last amended.

Claims 70, 73-76, 82-87, 90-93, 99-104, 107-109, and 112-115 are under appeal. Appellant respectfully requests entry of this amendment as placing the application in better form for the appeal, and requests reconsideration of this application in view of the arguments set forth in the Appeal Brief.

Please grant any extensions of time required to enter this Amendment and charge any additional required fees to our deposit account 06-0916.

Respectfully submitted,
